Your personal stylist for a day

As your personal stylist for a day, I will show you how you can achieve your own personal sense of style and individuality.

Having studied and worked in the fashion industry for 10 years for labels including: Collette Dinnigan, David Lawrence & Jigsaw, and as a make-up artist for Christian Dior, I have a well-trained eye for what colours, cuts, fabrics and styles work for each individual person. On my one day styling session, I will guide you towards a well coordinated wardrobe, and show you simple, effective and easy-to-remember tips that will ensure you always step out looking like a fashionista!

Our styling session will include:

~ Home visit

~ **Body shape and colour consultation**

Based on your body shape and what colours you like, we will work out what fabrics, cuts and colours will best suit you and how to make your clothes fit right.

~ **Complete wardrobe assessment and organisation**

covering work wear, evening wear and day wear, throwing out what you don't need, making the most of the wardrobe you have and adding items to complete your wardrobe and make it new and exciting.

~ **Shopping strategy**

Some shopping time! I will show you what's in fashion, what's not and the best places to get it. We can visit the shops that you like to visit and look at where you can improve. We'll also look at some of the shops that you walk past because you feel intimidated by them in some way, but we will only concentrate on them if they will hold some value for you.

~ **Make up tuition** if requested.

There is no requirement for you to buy when going shopping, this is entirely your decision.

Regardless of your age, budget, shape or size, I will show you how you can enhance your individual style, how to show off your best bits and dress for any occasion. I believe you can wear anything, you just have to find a way to wear it right. I love fashion, I love shopping, and I am more than happy to share my tips with you!

We will discuss prior to meeting how long our session will be and go through any concerns you have. I suggest at least 5 hours to go through your wardrobe and to get out and do some shopping.

Fee-Fee will be negotiated individually, dependant upon needs and session length.
